Dear Ms Rodriguez Martinez,

Thank you for your letter of 12 December 2016 in which you inform me of the revised tier 3 energy efficiency targets from 1 January 2017 for the voluntary agreement on the environmental performance of imaging equipment.

I am pleased to see that the ambition level is increased. Your letter will be published on the Commission's website¹ in order to inform stakeholders.

I take this opportunity to inform you that the Commission has recently published guidelines for industry voluntary agreements in the field of ecodesign². Please note that these guidelines request that a revised proposal for the voluntary agreement, bringing it in line with the guidelines, is sent to the Commission before the end of 2018.

Yours sincerely,

Paul Hodson
Head of Unit
