Ref: Withdrawal of Samsung from Imaging Equipment Voluntary Agreement

Dear Mr Hodson,

We are writing to inform you that **Samsung** has notified us that they would be withdrawing from the Imaging Equipment Voluntary Agreement effective 31 December 2017 as a result of HP Inc. buying their printing business. HP Inc. is therefore supposed to absorb their market share.

We will inform the Steering Committee in a couple of days.

Do not hesitate to come back to us should you have any questions on this

Yours sincerely,

Ferial Saouli
Secretary General EuroVAprint
